

Questions to answer throughout the day:

- What is the market doing?
- What is the market trying to do?
- How well is it getting it done?

What I did well today: - Today was a SIM trading day.

- I did not trade \$\$\$ not read.
- Stuck with C# training.

What could I have done better: - \$\$ trade initial views.

Maybe even not traded at all, however I truly

believe looking at pullback in Globex. (Not seeing it yet though.)

What will I do tomorrow to make things better:

- Stay more on top.
- Follow Top Dog Trading Indicators better.
