Missed PC VOL

10/28/13 02:43:47 PM Friday was a one tick day for me. My friend Rudy came over before the close of the market and wanted to go for a hike so I did. I am learning more and more why a lot of successful traders have actual offices outside their home. Maybe some day I'll get to that level of trading there is a lot of trading that has to go down before that happens however.
