To Whom It May Concern At Ubiquity Hosting

The following information is presented for the purposes of removing web content that allegedly infringes on our copyright per the Digital Millennium Copyright Act and TradeMark Violation. We appreciate your enforcement of copyright law and support of our rights in this matter. Be aware that if you ignore this notice, you (as a Provider covered by the Digital Millennium Copyright Act) forfeit the Act's immunity from monetary damages, which range from \$750 to \$30,000 per work infringed and up to \$150,000 per work for willful infringement. Attorney's fees and costs can also be recovered

What you (the Provider) need to do now:

Identification of Infringed Material

The following copyrighted and Trademarked links and paragraphs have been copied from the copyrighted work. We have retained but not submitted printed examples of these and other alleged infringements. Be aware that these are blatant and obvious examples and are not necessarily a complete list of all alleged violations. We require that all alleged copyright violations be removed from the website in question and the onus is on the infringer to locate and remove all alleged copyright violations of the complainant's intellectual property.

Be further aware that simply making a few changes (such as changing a name or rewording or reformatting some text) is not sufficient to remove the rights of the complainant. The alleged offending materials (or website) must be wholly removed.

Copyright Violation: selling and providing copies of this software.
