One stop above m20 old HVA and another wider stop above big 153

7/7/2017 12:33 - Screen Clipping

20/7/2017 21:10 - Screen Clipping

Low score, doji candle, so I hesitated to add one more Long. Well, this is it. Watch for pull back without limit order, watching the pace of the market during pull back, if any.

20/7/2017 23:55 - Screen Clipping

Tighten stop after h1 close above for few bars and trying new high

21/7/2017 02:01 - Screen Clipping

New H1 not very friendly but h4 still looks good with a new plyw forming... lets see . I m keeping my stop at where it is for now and not going to add more for now.
